THE FARM CONGRESS.

MISSOURI PACIFIC MODEL FARM

COPYRIGHT, 1910 MO. PAC. RY. CO.

The Arcadia Valley Land Congress is now in session, and, in conjunction with the Murdoch-Crumb Land Distribution, is drawing a large attendance. As early as Saturday the trains began bringing visitors in squads, and each succeeding invoice of humanity was of increasing numbers, until Tuesday, the first day of the Congress. At noon a large delegation arrived and marched down street, headed by the Jefferson Barracks band, while the evening and night trains added still to the score.

Tuesday afternoon a great part of the crowd repaired to the old screen factory within whose ample dimensions are the farm displays. Of these, by far the most striking is the representation of a "Model Missouri Farm," of five acres, built on the scale of three feet to one inch. It is the property of the Missouri Pacific-Iron Mountain R'y, and under charge of J. N. Anderson, Immigration Agent. He is a genial, courteous gentleman and an enthusiast in his work, but very practical withal—instructive and entertaining.

There are other exhibits, including canned fruits, vegetables, and other articles for the home. The most unique are a silk quilt of 2555 pieces, made by Jno. S. Luthy of Pilot Knob, and a loom and wheel over a century old. Rev. Jno. F. Adrian of Arcadia College delivered an address of welcome to the visitors, and Commissioner J. H. Curran responded. The night's proceedings were held in accordance with the program as printed last week. To-day Archbishop Glennon and Gov. Hadley will be present and address the people.

Rev. Dr. Wainwright, Presiding Elder of the M. E. Church, South, in St. Louis, is a visitor to the valley this week. He is working in the interest of "Epworth in the Hills," and is arranging for an excursion from St. Louis here some time this summer.

Mrs. John S. Benson, of St. Louis, writes us of the death of Mrs. Lucille Oats, nee Johnson, which occurred in St. Louis, May 18th. The deceased was the daughter of the late Mr. and Mrs. D. A. Johnson, of Annapolis, and was aged 21 years, 8 months.

All candidates desiring to fill county offices must file a declaration of their intention with the county clerk not later than June 2d, otherwise their names will not be printed on the primary election ticket. This applies to constables and justices of the peace.

Among the callers at the REGISTER office last week was Mr. Hartford Collins of Sabula—always a genial and entertaining visitor. Mr. C. is a life-time resident of the county and a successful lumberman. He deserves the success that has come to him through honest effort and square dealings.

Bruce Parker, a young man from the west end of the county, was arrested at Mayes' livery stable Sunday afternoon on the charge of carrying concealed weapons. He was taken before Squire Rasche next morning, who held him for circuit court. In default of bond Parker is now in jail.

The Murdoch-Crumb Co. distribution of lands will take place at the screen factory building tomorrow (Thursday.) Some folk are anticipating a lively time. But the sheriff with a large number of deputies and four Pinkerton detectives will be on the scene to try and keep everything quiet and in order.

The passenger department of the Missouri Pacific Railroad has issued a beautiful and artistic pamphlet, entitled "The Arcadia Country." There are some handsome and attractive views of Ironton and other parts of the valley. It is really a work of art and sets forth the beauties and advantages of the valley most effectively.

Our very good friend, Mr. J. M. Murdoch, of Chicago, of the Murdoch-Crumb Land Co., was in Ironton several days last week, and just before leaving to town came to the office and presented us with a quart of rare, old bourbon whiskey. Mr. Murdoch is a most excellent gentleman and a connoisseur. May everything come his way.

Joseph C. Forshee, of Bellevue, last week filed his declaration as a candidate for the Republican nomination for Collector with the County Clerk. Joseph, it is said, had been slated to run for Circuit Clerk, but his heart probably failed him when he thought of making the race against Jesse Hawkins. And then again men change their minds. For Joseph said only a few days ago that he was out of politics.

Will each person who has joined or signified their intention of joining the W. C. T. U., please meet in the Sunday School room of the Presbyterian church, on Wednesday, June 1st, at 3 P. M., to complete the organization? All women of the valley, old and young, are urged to become active members of this worthy institution for higher and better things.

M. J. FRANCIS, Pres. Local Union.

The REGISTER this week prints the announcement of Dr. James H. Martin of Pilot Knob as a candidate for Representative of Iron County. Dr. Martin is a young man of sterling worth and ability and stands very high in the estimation of the people who have known him all his life. His intellectual qualifications are such that the REGISTER has no hesitancy in saying that should he be elected to the office he seeks we believe he would make a most creditable representative.

C. H. Beahm, of Kansas, a visitor to the land congress, while following the Barracks band down the street Tuesday noon gave his suit case to some man standing in a yard on Main street, to hold for him, saying he would return for it soon. A few minutes later, Mr. B. went to look for his suit case, but

utterly failed to find any trace of it or the man he left it with. The suit case was a light colored one, with a blanket strapped around it, and a tag, bearing his name, attached. Mr. Beahm hopes that if the man with whom he left the suit case sees this notice he will immediately communicate with him, through this office, as he is much in need of some of the apparel therein.

Judge L. B. Woodside, of this Judicial circuit, in his instructions to the grand jury at this term of court, gives a different construction on the game law from that given by the game wardens in the state. He said in part "no license whatever was necessary to hunt game that was not protected under the game law, and that no license was necessary for a person to hunt in the neighborhood of his own home, even if hunting game protected under the law, if at any season when it is lawful to kill it. He said the words 'leased lands,' as used in section 61 of the game law should be given the broadest signification, and not limited solely to lands held by written lease, and that if the person was the owner or tenant of farm lands he could hunt without a license on such lands, and on adjacent lands by permission of the owner. As to the hunting of unprotected game it made no difference when, how or under what circumstances the hunting was done, no license was necessary, and no schedule was required to be kept of the animals taken or killed.—Rolla New Era.

The name of our well known townsman, Joseph F. Lindsay, is being prominently mentioned by newspapers and political leaders for the Republican nomination for circuit judge of this, the 21st judicial district. Being a Democratic newspaper the Banner has no knowledge of what move the Republicans will make with regard to the judgeship, now that Mr. Edgar is no longer a candidate. Nor does Mr. Lindsay reveal whether or not the importance of his friends over the district is likely to influence him to enter the race. But personal friendship, and a conviction that Mr. Lindsay is eminently qualified to serve the district as judge, leads us to remark—even at the risk of appearing to intrude upon the councils of "the other side"—that the Republicans could not make a wiser selection for their judicial nominee than Joseph F. Lindsay, of Piedmont. Mr. Lindsay's prominence in the legal and political affairs of the district, and in business and banking matters, coupled with his long experience in the practice of the law, and combined moreover, with his personal popularity as a man and a citizen, would render him a foeman worthy of the steel of either of the Democrats who are aspiring for judicial preferment. The Banner feels that this tribute is due Mr. Lindsay from us, regardless of differences in politics, because of his high standing as a citizen of our town and county.—Piedmont Banner.

A large audience assembled last evening in the College auditorium to hear the first of this year's graduate piano recitals. The pianist, Miss Ethel Morris, pupil of Mr. Thomas, the Director of the Conservatory, was given an enthusiastic reception which was well merited by reason of the uniform excellence of her work. Miss Morris proved herself equally successful in numbers requiring fine finger technique, melody playing and massive chord work. Her use of the pedal was artistic and her interpretation was marked by great intelligence, while her self-control was at all times evident. It was in the Rubenstein Concerto, however, that Miss Morris showed to even the uninitiated that she possessed powers which have been developed by fine schooling to a very high degree. This Concerto, a great favorite with Concert Pianists of the first rank, in its first movement bristles with technical difficulties. These, however, Miss Morris overcame with apparent ease and at a surprising speed. The second movement, with its exquisitely beautiful melody, Miss Morris played first and gave it a most artistic rendering, the tone graduations being very finely done. It is a matter for remark that this young lady, after playing a number of heavy solo pieces, had such a reserve of energy and endurance as to give an excellent rendering to a work of

such an exacting nature as this Concerto.—Mexico Evening Ledger.

The young lady above referred to is the daughter of Mr. and Mrs. Geo. W. Morris, of Farmington.

LINUS M. FOX.

At his residence, Pilot Knob, Mo., Wednesday, May 11th, 1910, at 12:40 A. M., died Linus M. Fox, aged 73 years and eighteen days.

Mr. Fox was born in New Jersey, and at the age of 17 years removed to Wisconsin. Three years later he went to Iowa. June 6th, 1880, he was united in marriage to Miss Mary A. Gaynor, of Sumner. To this union were born four children—three sons and one daughter—all of whom, with the mother, survive. The sons are: Chas. L. of Newport, Ark.; Geo. G., of Jonesboro; and Oliver F., of this town. The daughter is Mrs. R. T. White, also a resident of Ironton.

Mr. Fox and family came to Missouri in 1888, locating at Ironton, and for many years ran the American Hotel. He won the respect of all by his integrity and every-day honesty. Some years ago he removed to Piedmont, but in a comparatively short time, returned to the valley and located at Pilot Knob where he remained to the end. A long funeral procession attended the remains to the K. P. Cemetery, where they were laid to rest. Rev. Aspley of Fort Hill Church conducting the services.

To the bereaved widow and children the REGISTER extends its earnest condolence, and hopes that time will bring healing to the wound that now so sorely afflicts them all—especially to her whose companion of fifty years death has taken from her side.

Mr. Vaughn, a traveling lecturer, for Prohibition, made a short talk to the people of Des Arc last Monday morning. He is a good talker and seemed to be familiar with the subject. Alcohol

not needed

Ayer's Sarsaparilla is not a strong drink. As now made, there is not a drop of alcohol in it. It is a non-alcoholic tonic and alterative. Ask your own doctor about your taking this medicine for thin, impure blood. Follow his advice every time. He knows.

We publish our formulas. We banish alcohol from our medicines. We urge you to consult your doctor.

Ask your doctor, "What is the first great rule of health?" Nine doctors out of ten will quickly reply, "Keep the bowels regular." Then ask him another question, "What do you think of Ayer's Pills for constipation?"
